Several Georgia Breeders are coming together again in one location and "Opening Our Barns".

This will give you the opportunity to view pigs from several farms at once since we were all planning an "Open Barn Day" at the same time. More breeders maybe added !!

We will begin at 10:00 am with viewing and bidding. The bid board will close at 12:45pm, we will go down the board for a last chance bid off, if no bids increase that pig is marked sold. After the sale ends any pigs marked no sale will be available for selection with the induvial breeder.
